THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 9:00 A.M. to 6:00 P.M.

To the Inhabitants of the Town of Woodstock in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Woodstock Town Hall in said Woodstock on Tuesday, the thirteenth day of March, next at 7:30 of the clock in the afternoon, to act upon the following subjects: (Business Meeting starts at 7:30 P.M.)

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to allow the Selectmen to sell property taken on Tax Titles.
4. To see if the Town will vote to allow the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to allow the Tax Collector to receive part payments on taxes in any year in the sum of Ten Dollars or a multiple of Ten.
6. To see if the Town will vote to authorize the Selectmen to apply for, receive and expend Federal Funds in cases of emergency.
7. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of the receipt of Federal Funds.
8. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend such monies as may become available from the State, Federal Government or any other source for the purpose of Riverbank Stabilization or Flood prevention, and to authorize the Selectmen to take such action in furtherance of obtaining such grants as may be required.
9. To authorize the Selectmen to request an audit by the Municipal Accounting Division of the Department of

A-2

Revenue Administration or a Private Certified Accounting Firm or an Independent Certified Public Accountant.

10. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1979 appropriation, said funds to be placed in a Special Conservation Fund in accordance with RSA: 36-A:5.
11. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend such monies as may be available from the State, Federal Government or any other source for the purpose of Sewerage and Water Improvements for No. Woodstock Village and to authorize the Selectmen to take such action in furtherance of obtaining such grants as may be required.
12. To authorize the Selectmen to apply for, negotiate and do all other things necessary to obtain and expend such Federal Funds or other assistance as may be available and pass any vote relative thereto.
13. To see if the Town will vote to exclude from its Social Security Plan, services performed by Election Officials or Election Workers for each calendar year in which the remuneration for such services is less than \$100.00.
14. To see if the Town will vote to raise and appropriate up to \$3,500.00 of Anti-Recession monies for Financial Administration, General Administration and Public Buildings.
15. To see if the Town will vote to raise and appropriate from Revenue Sharing Funds the amount of \$22,500.00 for the construction of a Fire Station in Woodstock Village.
16. To see if the Town will vote to raise and appropriate the sum of \$7,500.00 for the purchase of a 4 x 4 Pickup Truck.
17. To see if the Town will vote to raise and appropriate the sum of \$50,000.00 for the completion of the joint Incinerator Project with the Town of Lincoln, said sum being 50% of the additional cost to finish the refuse disposal facility; and to authorize the issuance of serial notes or bonds of the Town under and in accordance with the provisions of the Municipal Finance Act or other enabling authority to cover the \$50,000.00 appropriation, delegating to the Board of Selectmen the discretion of fixing the date, maturities,

denominations, the interest rate, or discount rate or notes, and providing for the sale thereof.

18. To see if the Town will vote to raise and appropriate the sum of \$1,445.00 for the purchase of a Hand Radar Unit for the use of the Woodstock Police Department. This purchase to be made with \$722.50 matching funds from the Highway Safety Services and \$722.50 from the Town of Woodstock Budget for 1979.
19. To see if the Town will vote to authorize the Selectmen to renegotiate the Title to the .87 acre parcel of land in Woodstock deeded to the Town of Woodstock Conservation Commission by the State of New Hampshire; requesting the State redeed the parcel to the Town of Woodstock.
20. To see if the Town will vote to ratify the actions of the Woodstock Conservation Commission in accepting the .87 acre parcel in Woodstock in the name of the Woodstock Conservation Commission; and further to instruct the Woodstock Conservation Commission to deed the parcel of land to the Town of Woodstock for the purpose of constructing a Fire Station. The location of said Fire Station to be determined by the Board of Selectmen.
21. To see if the Town will vote to accept the budget as posted.
22. To transact any other business that may come legally before the meeting.

Given under our hands and seal, this 26th day of February, in the year of our Lord nineteen hundred and seventy nine.

REPORT OF DISTRICT FOREST FIRE CHIEF AND YOUR FOREST FIRE WARDEN

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!

POLICE DEPARTMENT REPORT

Much has happened to the Woodstock Police Department during 1978. The most traumatic was the accident that Officer Ken Welch was involved in last winter. On March 19, 1978 Officer Ken Welch was stepping out of the Woodstock Police Cruiser in the process of a motor vehicle stop for speed of Interstate-93. Another car drifted into the breakdown lane and struck our Cruiser from behind, which in turn struck Officer Welch. For the remainder of 1978 Ken was out with an extremely serious and painful hip injury. His doctor has now given him the go and we all expect and are looking forward to having him back with us early in 1979. Welcome back Ken!

During this interim, Auxillary Officer Dennis MacKay took Ken's place. Officer MacKay attended the New Hampshire Police Training Academy in July and August of 1978 which was held in Concord, N.H. We are pleased that Dennis received an award for the most improved Officer.

We have also added some new personnel to our department. Mike Gridley was sworn in during April of 1978. Auxillary Officer Gridley then attended the Part-Time Officers School in Plymouth, which lasted eight weeks for two nights a week. This was sponsored by the New Hampshire Police Standards and Training Council. Auxillary Officer Gridley successfully completed this training, and is a welcome addition to our department. Also this past fall Bill Magee and Bill Cushing were sworn in as Auxillary Officers. Both will be attending the Part-Time Officers School in Plymouth early February, 1979. With these new Officers, we now have a total of five Auxillary Officers and Three Full-Time Officers.

During the course of a year all members of the Department have opportunities to attend seminars and classes in various aspects of Law Enforcement that are of interest to them. This past fall Officer Peter Bartholomew attended a one-week seminar in Criminal Investigation. This was sponsored by the New Hampshire Police Standards and Training Council, and was taught by the F.B.I. Chief Maynard and Officer Welch attended a couple of Juvenile Seminars held in Plymouth.

This year the Police Department acquired a 1978 Plymouth

Fury, which we are now using as the principal cruiser. Also we now have a 1975 Dodge Monaco which replaced the Pontiac that was totaled in Ken's accident. This is the back-up cruiser and is additionally used during the summer months at Russell Pond. Both cruisers now have the Woodstock town seal displayed on them. These seals are in color and identify our cruisers very well.

1978 Comparative Statistics

	1978	1977	1976
Received Incidents & Complaints	437	472	509
Criminal & Major M.V. Cases and Investigations	103	120	
Burglary	13	16	22
Theft	43	25	
DWI	11	21	17
Number of Ind's Arrested	25	57	61
M.V. Accidents	66	61	67
Assisting Disabled Motorists	123		
Back up other Depts.	100		
Juvenile Items	23		
Unsecured Buildings	148	202	400
Motor Vehicle Violations	157	151	199

These Comparative figures are new this year and should interest most Towns People. Also, they are fairly self-explanatory. Some categories increased and others decreased over the last three years. It should be noted that both the number of Burglaries and Driving While Intoxicated cases declined, which we are pleased to see. However, theft is on the rise, especially during the summer months. In addition to Burglary, D.W.I., and Theft, we handled various other criminal cases which included: Trespass, Arson, Reckless Driving, Bad Checks, Possession of Controlled Drugs, Disorderly Conduct, Intoxication, Criminal Mischief, to name a few.

As everyone is probably aware the Police Department moved offices. We are now where the Town Clerk's Office used to be. This is above the Fire Station, next door to our old office. Our 1979 calendars are out and if any person would like one, please stop by the Police Department and we would be happy to give

you one. And in closing, we all thank the people of the Town of Woodstock for their cooperation during the past year. And appreciate your continuing support for the coming year.

Respectfully submitted,

JOHN MAYNARD

Chief of Police

Woodstock Police Dept.

NEW HAMPSHIRE HUMANE SOCIETY
Laconia, N.H.

Office of Selectmen
 Town of Woodstock
 Woodstock, N.H.

Gentlemen:

Here are to totals on the number of animals from the Town of Woodstock brought to the N.H. Humane Society Shelter during the year 1978.

By your Animal Control Officer:

Dogs and Puppies	6
Cats and Kittens	0
	—
Total	6

By Woodstock residents:

Dogs and Puppies	14
Cats and Kittens	20
	—
Total	34

Total number of dogs, pups, cats, kittens from the Town of Woodstock:	40
--	----

We are enclosing a copy of the report on all towns that used the Shelter facilities and services in 1978. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442:A, the Rabies Control Act for holding stray dogs.

Every town has stray and animal problems. We encourage the Town of Woodstock, and especially the animal control officers, to use our services more in 1979.

Sincerely,

FRITZ T. SABBOW
Executive Director

NORTH COUNTRY HOME HEALTH AGENCY

North Country Home Health Agency, from its main office at 60 High St., Littleton, and satellite offices in Cottage Hospital and Linwood Medical Center, provides health care services aimed at both prevention and treatment of disease. The Agency serves residents of 15 towns in the North Country.

In 1978, the following services were delivered:

6173 Skilled Nursing Care visits to patients in their homes. These are for the chronically ill, care following hospitalization or acute care in lieu of hospitalization.

507 Health Promotion visits for the assessment and evaluation of a person's needs and/or problems.

160 Visits to Newborns and their mothers for assistance and reassurance. No charge is made for either health promotions or newborn visits.

200 Physical Therapy visits to homebound patients.

22 Speech Therapy Visits to homebound patients. This is a new service added in November.

8130 Homemaker/Home Health Aide visits for assistance with personal care, light housekeeping and meal preparation, and other health-related services which enable people to remain in their own homes.

Public Health activities, aimed at prevention:

A total of 29 clinics for children were held throughout the area, as well as 4 adult health screening clinics co-sponsored with Lions Clubs. Follow-ups as needed were made on problems discovered in the clinic settings. 739 children received services ranging from immunizations to orthopedic evaluations. 501 adults attended the health screening clinics in four towns. Clinics are available to all residents without charge.

This Agency is approved by Medicare and the New Hampshire Department of Public Health as a certified provider of home care services. The Board of Directors is composed of volunteer members representing the towns served. It is a non-profit agency.

Services to residents of No. Woodstock include:

- 214 Skilled Nursing Care Visits
- 81 Health Promotion Visits
- 6 Visits to Newborns and Mothers
- 8 Physical Therapy Visits
- 209 Homemaker/Home Health Aide Visits

Residents of No. Woodstock usually attend clinics held in Lincoln, but may attend any of the clinics sponsored by this Agency.

TOWN OF WOODSTOCK, N.H.
Town Report for 1978 from
North Country Council, Inc.

In Woodstock, North Country Council assisted in preparing a successful application for \$259,000.00 in HUD Community Development Funds in order to complete the water supply and distribution program for the lower Woodstock Village. Assisting the planning board in organizing a Comprehensive Planning process questionnaire and the review of a major subdivision that has been proposed in the Town.

The North Country Council continued to make substantial progress in 1978 by providing services in the following areas:

Planning Services: Providing local technical assistance to member communities continued to consume a good amount of Council time. Areas of assistance include: master planning, subdivision regulations, zoning, reviewing development proposals, mobile homes, grantsmanship, etc. Through a grant from the Farmers Home Administration, NCC will have the services of a project planner and planning engineer to further assist communities in water supply, solid waste and review of development proposals.

Economic Development: NCC updated its Overall Economic Development Program, a requirement which entitles the North Country to EDA grants and loans. The Council also completed a Wood Energy Study and a Downtown Improvement Program for 1 town. Through the resources of the University of New Hampshire, a business counseling program is being developed. Federal and state agencies use the Council's work as a guide for future public investments.

Preparation of Regional Plans: In 1978, the Council adopted and published both the Land Use Element and the Housing Element. Both of these documents provided a broad framework for action in these two areas. In the area of solid waste, the Council has coordinated a number of meetings with the NH Air Pollution Control Commission, Division of Public Health and sponsored a meeting on solid waste disposal in January 1979. The Council has continued to make progress in the Public Transportation Program. NCC also coordinated with the NH Department of

Public Works and Highways in the annual meeting to receive local input on needed highway improvements. Much of the Council's time is spent responding to requests from Selectmen on various planning matters. Fact sheets have been prepared on soils and community planning, wetlands, and master planning. Other educational documents will be prepared in 1979.

North Country Perspective: NCC continues to respond to opportunities to provide a North Country perspective to federal and state policies. NCC represented the area in a 3-day workshop as part of the Farmers Home Administration's national assessment of rural community facilities. Council members represent the North Country on the State's "208" Water Quality Program, solid waste program and other areas. The Council testified before the NH House subcommittee on Growth.

Education and Information: For the third consecutive year, the North Country Council co-sponsored the six municipal law lectures. A special workshop was held on the development of small hydro sites. NCC also sponsored a North Country meeting of bankers, real estate agents, local officials, and other development interests to inform them of the opportunities under the NH Housing Finance Agency's mortgage program. With the advent of **Planning Profiles**, the Council's monthly newsletter, NCC is making an effort to keep local officials and interested persons up-to-date on Council programs and other related planning activities. In a further effort to solicit local input on planning projects, the Council has been holding a series of subregional meetings around the North Country.

In 1979, the Council expects to provide more services to local officials to help them carry out the goals of their own towns. The newly-funded Area Development Assistance Program will provide greater assistance to communities. NCC will be working on an energy program to determine the practicality of developing indigenous energy resources. Requests for community planning services will increase.

Membership in the Council over the last five years has increased from five members in 1973 to forty active members in 1978. A good deal of service has been provided in that period and it is hoped that more can be provided in the years ahead. Ideas on how the Council can be of greater assistance to towns are welcomed. The Board of Directors and all the members of the

North Country Council greatly appreciate the support received from the towns. This support has enabled the Council to provide its planning services for the region and local communities.

Respectfully submitted,

JOAN McGOLDRICK

DANIEL BARRY

Representatives*

WOODSTOCK CONSERVATION COMMISSION ANNUAL REPORT 1978

The Conservation Commission is pleased to report we have acquired a small parcel of land which is of historical significance to the town. This land had been the site of the First Church of Woodstock and later a part of the Woodstock Lumber Co. The cellar-hole and stone foundation of what had been the Boarding House for workers in the Mill is partially intact and is all that remains of a once flourishing and important industry in our Town and Valley. The short access road to the site, now ending at the bank of the Pemi River, had been the entrance to our Covered Bridge, since destroyed by fire in recent years. This was part of the land acquired by the N.H. Dept. of Public Works and Highways during the construction of I-93 and relocation of Rte. 175 and as a result of our Vice-Chairman Fred Brown's efforts in informing the Highway Dept. of the significance of the site, Mr. Brown and Mrs. McGoldrick met with State officials to negotiate acquisition of the property. The deed was received and delivered to the town office in November and has been recorded.

One of our projects this past year was to improve the old cemetery at the corner of Sargent St. and Lost River Rd. Due to Fred and Lucy Lee's strong interest and work, and the cooperation of the Selectmen and Bill Mellett, the rusty iron fence was repaired and painted while, the grounds spruced-up and the lovely old sign was beautifully restored by Fred Lee and put in place at the entrance. We plan to plant a few spring flower bulbs and add some natural shrubery this coming year to further enhance it's more attractive appearance.

Chairman Joan McGoldrick attended and received a certificate for completion of an 11 week "Local Action Training Seminar" held during the Spring of 1978. The weekly 3-hour classes were held in Meredith and included subjects such as soils, air, water, vegetation, geology, scenic roads, wetlands, community planning and marine Biology. The lecturers, some from out-of-state, came from the academic community, state and federal agencies as well as from the private sector. Overall, it was an excellent course and extremely informative, ending with an all-day field trip to a freshwater wetland.

At the Annual Meeting of the N.H. Association of Conserva-

tion Commissions held in September at the Highway Hotel in Concord, Mrs. McGoldrick was elected President of the Association for a 2 year term.

All copies of Dredge and Fill applications submitted to the Commission were reviewed with no objections filed.

This past year the Conservation Commission has established a good, close working relationship with the Planning Board and it has been mutually beneficial in the sharing of information, co-sponsoring meetings and projects and working together with the Selectmen in the pursuit of common goals. We will assist the Planning Board in their major effort of developing a Master Plan for the Town of Woodstock. The Commission will be involved with gathering information on the history of the Town, with an important contribution from our local Historian Fred Brown who has given a written account of Woodstock from its earlist settlement. We will also be responsible for doing a Natural Resource Inventory, collecting data on topography, soils, geology, water and vegetation. This type of factual information will provide a basic "tool" in future land-use planning for Woodstock. Mrs. McGoldrick, through the N.H. Assoc. of C.C., is presently working to develop an internship program whereby college students in an Environmental Studies Program would be available to assist towns by doing field work and collecting the data needed to complete an inventory.

To aid in the town planning process, the Commission has proposed to co-sponsor with the Planning Board, an informational workshop meeting on "Water Supply and Methods of Water Conservation" to be held in the Spring of 1979. As this topic should be of interest to everyone, we hope our residents of the town will plan to attend the meeting.

Through this report, the Commissioners have sought to inform the towns people of Commission activities. We, in turn, would welcome input from the people of Woodstock. Please let us know of your ideas and concerns about areas in the Town you feel important. We are open to suggestions for projects or if you'd like more information in special areas of interest, to ideas for meetings/workshops.

We sincerely appreciate the interest and support of the people of Woodstock and wish to thank the Selectmen and all Town officials for their cooperation and assistance throughout the year.

Respectfully submitted,

JOAN McGOLDRICK

MOOSILAUKE PUBLIC LIBRARY

ANNUAL REPORT — 1978

During 1978, Moosilauke Public Library experienced significantly increased use of the Library resources. Patronage by our adults has grown as more townspeople are aware of the new books the library can provide from its own collection and through the statewide inter-library loan system. It is very encouraging to see this growth and expansion among our adults. Their support has been very rewarding; many have instilled the feeling in their children to use the library not only for their school reference needs but also for pleasure reading. Wednesday evening hours have become family nights at the library !

The library again had an enjoyable summer reading program taught by Miss Barbie Hooker which was well attended and we look forward to making this an integral part of the library's summer activities. A plant display was exhibited by Carol Frost and sale proceeds of these plants went toward the future purchase of new library shelving. The New Hampshire State Library space utilization expert, Susan Palmatier, met with the Board of Trustees and the librarian to plan and discuss the shelving and space arrangements within the library. The library's spacial needs have been analyzed and the library will continue to try to implement this as a future goal. Mr. Ervin A. Tappan again gave the library a very generous gift which has also been earmarked toward our shelving needs.

The Librarian and Trustees gratefully acknowledge the handsome selection of books that were given by the Clark Family and friends in memory of Mrs. Emily Rappold, who was a devoted Library Trustee from 1938 until 1975. The range and quality of these books is extremely impressive and we urge all our townspeople to view these memorial books which form such a substantial and beautiful addition to our collection. Mr. and Mrs. Charles Spaulding again donated two very popular magazine subscriptions to National Wildlife and the Smithsonian for which we are extremely thankful. Dr. Pierce Barker and Carol Frost donated the Atlantic subscription and Mrs. Patricia Flad gave us the subscription to World magazine, a National Geographic publication for children which is very popular. The Quest Club again donated their subscription to Cricket

magazine, always a favorite choice among the kids. We thank everyone for these wonderful subscriptions as they go a long way in rounding out our magazine selections.

This past summer, the library held a crafts day on the Town Common, which featured local artisans performing their skills and displaying their various crafts. A well known blacksmith set up his forge and illustrated the powerful yet intricate techniques of smithing. From lower Woodstock, Barbara Avery demonstrated the beautiful artwork of batik. Several other local craftspeople shared a beautiful summer day with tourists and natives alike. Jamie Hogan donated her graphic skills in a public relations flyer. We thank all those who contributed so much of their time and energy in making this afternoon a success. This program was partially sponsored by a grant from the New Hampshire Commission on the Arts as was the lecture on UFO's held at the Town Hall during the spring. Also held at the Town Hall was the film 2001, A Space Odyssey, which was presented in spite of snow and sleet! Mrs. Esther Kammerling presented a fall lecture on the history of dolls in the high school library which was extremely well attended by people who brought their own collections for discussion and display. Mrs. Kammerling, who runs a doll hospital in Bethlehem offered a highly informative and lively talk. The annual library booksale in early August was another bright and happy event.

The librarian has completed the State Library Public Library Techniques courses and is now a certified public librarian. She was also re-elected as Chairman of the North Country District Advisory Council and in that capacity helps to shape and advise the activities of the public libraries here in the North Country. During the Fall of 1978, much library activity, public, academic and institutional, was directed toward the Governor's Conference on Libraries which was held in Concord in preparation for the White House Conference on Libraries scheduled for the Fall of 1979. Numerous resolutions were adopted, many of which were the direct outgrowth of the Martin Report which surveyed in depth the state of our library structure here in New Hampshire. In this era of cost containment, libraries have acknowledged their mutual interdependencies and are working toward establishing the shared resources necessary to keep costs down without diminishing the quality of service to the patron.

We again look forward to a new year of achievement in our

own public library and welcome all suggestions and recommendations which will improve and benefit our service to the Town. Please drop by and see what your public library is all about. Share your love of learning with your library and watch knowledge widen and increase!

SIBYL CANAAN

Librarian

January 1979

REPORT OF THE WOODSTOCK PLANNING BOARD 1978

In 1978 the Planning Board lost the services of three regular members Messrs Wilfred Ayotte, Malcom MacKay and David Wyre and it's Selectman member Mrs. Bonnie Ham. The incumbent alternates Messrs Douglas Wilson, Arnold Ham and Carl Keough became regular members. Appointed by the Selectmen during the year as alternates were Mrs. Etta Martin, Mr. Daniel Kenniston and Mrs. Sonja Gilman and its new Selectman member Mr. Robert Bujeaud. In all this represented less of a turnover than the previous year.

In preparing this report I made a summary listing of our many activities over the year and found that $\frac{3}{4}$ of our meetings, as you might expect, involved applications for subdivisions. During the year we received six applications for subdivision of the land within the Town. Of these three were approved following the required public hearings. One application was withdrawn, one returned for additional information and the sixth is on hold pending payment of the necessary fee.

A like amount of time at our meetings this year was spent on Master Plan Activities, a joint cooperate effort of the Planning Board and the Woodstock Conservation Commission. In an effort to get a greater response from those residing in town a second Town Planning Questionnaire was sent out with some 300 Town Reports in March of 1978, of these 77 were returned.

RESPONSES TO WOODSTOCK QUESTIONNAIRE

March 1978

(Listed in order from most to least responses. Percentages based on total responses of 77 questionnaires.)

1. FUTURE

- | | |
|---------------------|-----|
| 1. Light Industrial | 44% |

For the results of 1976 Questionnaire see Town Report of 1977.

By the end of the year a steering committee for the "Future Woodstock Planning Committee had been formed and preparation for a community Open House, sponsored by the Planning Board & Conservation Commission was completed. At this writing the Open House is history and we are encouraged with the turnout and look forward to your continued support. The Board thanks our Regional Planning Agency the North Country Council and in particular Ms. Mary Ellen Barnes, a Planner with that agency for her assistance.

Three other topics shared about an equal amount of time at half our regular monthly meetings or special meetings, **Town Water, Sewage and the proposed development at the Alpine.** At this time the "Proposed" Condominiums and a few stores for the Alpine are just that, as no formal application has yet been received by the board. We expect that these items will again take a considerable amount of our time in 1979.

The Board drafted a proposed set-back/lot line Ordinance that was subsequently adopted by the Selectmen in October and is now in force within this town.

In addition to our regularly scheduled meetings the following are some of the other meetings or conferences that were attended by members of the Planning Board during 1978:

February—North Country Council Quarterly Meeting at Loon Mtn.

Woodstock/Thornton River Bank Stabilization meeting in Thornton.

March—Conservation Commission Sponsored Land Use in Meredith.

April—Forum I The citizens role in Shaping N.H.'s Future in Waterville Valley.

Woodstock Planning Board spoke to Sophmore Class at Linwood High School.

May—Meeting with Mr. Lobdell from North Country Council on Master Planning.

August—North Country Council Executive Committee—Carroll Town Hall Twin Mtn.

September—North Country Council Executive Committee—Carroll Town Hall, Twin Mtn.

Economic Impact of No Growth Legislation, Mr. Ian McHarg, Plymouth State College.

Meeting with Mr. Geisinger, Director of Architecture from North American Real Estate, reference Alpine.

October—North Country Council Fall Quarterly meeting, Littleton.

Law Lecture; Planning and the Planning Board, NCC Regional Planning Agency—Carroll Town Hall, Twin Mtn.

November—Special Board meeting, reference Alpine Property.

Board meeting with Ms. Barnes of NCC, reference, Future

Woodstock Planning Committee.
December—NCC Subregion Meeting—Campton.

The Board prepared a brief population study and provided copies to the School Board and the Superintendent's Office.

As members of North Country Council the town has made use of two new services available from this regional planning agency. First legal assistance is available through the Environmental Law Clinic at the Franklin Pierce Law Center using third year law students. The second program is an Area Development Assistance Program, funded by FmHA, and provides the services of an engineer and project planner to member towns to work on, water, solid waste, and waste water problems.

As we begin a new year we found a new home for our meetings which are now held at the Norman B. Fadden Visitor Information Center Conference Room. Our meetings are open to the public and are held on the 3rd Thursday of the month at 7:30 PM. Also, if you would like to help the Board as it prepares a Master Plan for Woodstock, please contact any Conservation Commission or Planning Board Member and ask about joining the Future Woodstock Planning Committee—we need **your** help.

Respectfully submitted,

DANIEL C. BARRY
Chairman

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION**

**SUMMARY OF FINDINGS
AND RECOMMENDATIONS**

Board of Selectmen March 10, 1978
Town Office
Woodstock, New Hampshire 03262

Members of the Board:

Submitted herewith is the report on examination of the accounts of the Town of Woodstock for the year ended December 31, 1977, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk to be retained as part of the permanent Town records.

Scope of Audit

Included in the examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Conservation Commission, Water Department and Trustees of Trust Funds.

Financial Statements

General Fund:

**Comparative Balance Sheets—
December 31, 1976 and 1977:
(Exhibit A-1)**

Comparative Balance Sheets which disclose the financial condition of the General Fund of the Town as of December 31, 1976 and 1977 are presented in Exhibit A-1. As indicated therein, the Unappropriated Fund Balance of the Town increased by \$7,542 during the year ended December 31, 1977.

**Analysis of Change in Unappropriated
Fund Balance: (Exhibit A-2)**

A statement presenting an analysis of the change in Unappropriated Fund Balance of the Town during the year ended

December 31, 1977 is included in Exhibit A-2, with the factors which caused the change as follows:

Increases in Unappropriated Fund Balance:

Net Budgetary Increase in	
Unappropriated Fund Balance	\$ 30,135
Reduction in Accounts Payable to	
The Capital Projects Fund—	
Bridge Project Fund	2,407
	<hr/>
	\$ 32,542

Decreases in Unappropriated Fund Balance:

Unappropriated Fund Balance Used	
to Reduce Tax Rate	25,000
	<hr/>
Net Increase in Unappropriated	
Fund Balance	\$ 7,542

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

(Exhibits A-3 and A-4)

Comparative statements of General Fund appropriations and expenditures, estimated and actual revenues for the year ended December 31, 1977 are presented in Exhibits A-3 and A-4. As indicated in the Budget Summary (Exhibit A-4), a revenue excess of \$41,501, less a net overdraft of appropriations of \$11,366, resulted in a net budget surplus of \$30,135.

Capital Projects Fund:

Comparative Balance Sheets—

December 31, 1976 and 1977:

(Exhibit B-1)

Comparative Balance Sheets of the Capital Projects Fund as of December 31, 1976 and 1977 are shown in Exhibit B-1. As of December 31, 1977, unexpended balances of appropriations in the Capital Projects Fund were as follows:

Bridge Project	\$ 15,850
Water Project	173,658
	<hr/>
	\$189,508

Long-Term Debt Group of Accounts:**Comparative Balance Sheets—
December 31, 1976 and 1977:**

(Exhibit C)

Comparative Balance Sheets which disclose the outstanding long-term indebtedness of the Town as of December 31, 1976 and 1977 are included in Exhibit C. As indicated therein, the long-term debt decreased by \$29,375 from \$286,250 to \$256,875 during the year ended December 31, 1977.

Schedule of Debt Service Requirements:

(Exhibit F)

A schedule showing debt service requirements of principal and interest as of December 31, 1977 is contained in Exhibit F.

Special Revenue Funds:**Statement of Revenue Sharing Fund Receipts
and Expenditures—For The Year Ended December 31,
1977:**

(Exhibit D-1)

A statement of Revenue Sharing Fund receipts and expenditures for the year ended December 31, 1977 is contained in Exhibit D-1. As stated therein, the Unappropriated Fund Balance as of December 31, 1977 totaled \$17,330 and consisted of the following:

Appropriated Balance:

Tax Maps	\$ 2,775	
Mirror Lake Road	11,069	
Town Garage	741	
	<hr/>	\$ 14,585

Unappropriated Balance

2,745

\$ 17,330**Statement of Conservation Fund Receipts and
Expenditures—For The Year Ended December 31, 1977:**

(Exhibit D-2)

A statement of Conservation Fund receipts and expenditures for the year ended December 31, 1977 is contained in Exhibit D-2. As stated therein, the Unappropriated Fund Balance as of December 31, 1977 totaled \$1,348.

Trust and Agency Funds:

Summary of Trust Fund Principal, Income and Expenses—For The Year Ended December 31, 1977: (Exhibit E)

A summary of Trust Fund principal, income and expenses for the year ended December 31, 1977 is contained in Exhibit E. As stated therein, the combined balances of principal and income at December 31, 1977 are as follows:

Cemetery Funds	\$ 12,754
Capital Reserve:	
Woodstock Town Dump	29,147
Woodstock Police Cruiser	900
Lin-Wood Co-op School	
District Building Fund	45,445
	<hr/>
	\$ 88,246

Audit Procedure

The accounts and records of all Town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

General Comments

As indicated in Exhibit A-3, General Fund comparative statement of appropriations and expenditures, during 1977, budgetary expenditures exceeded the total Town appropriations voted by the Town Meeting and consequently resulted in a net appropriation overdraft of \$5,747, computed as follows:

Overdrafts of Budgetary Appropriations	\$ 14,241
--	-----------

Unexpended Balances of Budgetary Appropriations	8,484
Net Overdraft of Budgetary Appropriations	<u>\$ 5,747</u>

In towns operating under the provisions of the Municipal Budget Law, R.S.A. Chapter 32, Section 10 stipulates that the total amount expended for all purposes cannot exceed the total amount appropriated at the Town Meeting for all purposes. Furthermore, when it becomes necessary to expend money in excess of an appropriation which may result in an overexpenditure of the total amount appropriated for all purposes, the Selectmen, with the written approval of a majority of the Budget Committee, must apply to the Commissioner of Revenue Administration for authority to make such expenditure. This procedure was not followed by the Selectmen with regard to excess expenditures which contributed to the appropriation overdraft incurred in 1977.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Woodstock for their assistance during the course of the audit.

AUDITOR'S OPINION

Board of Selectmen
Town of Woodstock
Woodstock, New Hampshire 03262

We have examined the financial statements of the various funds and account groups of the Town of Woodstock for the year ended December 31, 1977 listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records as we considered necessary in the circumstances.

The General Fund, Capital Projects Fund and Long-Term Debt Group of Accounts balance sheets of the Town of Woodstock as of December 31, 1976, which are presented for comparative purposes only, were previously examined by us and our report dated October 7, 1977, expressed an unqualified opinion on the statement. We have not performed any auditing procedures after the date of our report on the 1976 financial statement.

The Town of Woodstock has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

As described in the accompanying footnotes, the Town's policy is to prepare its financial statements of the Special Revenue Fund and Trust and Agency Funds on the basis of cash receipts and disbursements; consequently, the statements do not give effect to accounts receivable, accounts payable, and accrued items. Accordingly, the statements do not present results of operations in conformity with generally accepted accounting principals.

In our opinion, the financial statements listed in the aforementioned table of contents, other than the financial statements of the Special Revenue Fund and Trust and Agency Funds, present fairly the financial position of the various funds and account

groups of the Town of Woodstock at December 31, 1977 and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In our opinion, the accompanying statements of the Special Revenue Fund and Trust and Agency Funds listed in the aforementioned table of contents present fairly the assets and liabilities of such funds of the Town of Woodstock at December 31, 1977, arising from cash transactions, and its revenues collected and expenditures paid during the year then ended, on a basis consistent with that of the preceding year.

The supplemental schedules included in this report, although not considered necessary for a fair presentation of the financial position and results of operations of such funds and group of accounts, are presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWN OF WOODSTOCK

GENERAL NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

Fund Accounting

The diverse nature of governmental operations and the necessity of determining compliance with legal provisions requires modification of accounting systems commonly used by commercial enterprises. Rather than establishing a single unified set of accounts to record and summarize all financial transactions, the accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate entity with self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures or expenses, including interfund obligations and transfers.

Operations supplying the basic services of a general government nature which are controlled by legal budgets are accounted for in the General Fund and Special Revenue Fund.

In addition to the general category of operations listed above, a further distinction from accounting in commercial enterprises exists with respect to capital expenditures. Capital expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts primarily for control purposes. The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

Fiduciary activities of the Town are accounted for in a Trust and Agency Fund.

General Obligation Bonds supported by general revenues are obligations of the Town as a whole and not its individual constituent funds. Accordingly, such unmatured obligations which are backed by the full faith and credit of the Town are accounted for in the General Long-Term Debt Group of Accounts.

Budgetary Accounting and Encumbrances

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations.

Appropriations in budgetary funds are encumbered upon issuance of purchase orders, contracts or other forms of legal commitments. Even though certain goods and services have not been received, the transactions are accounted for as a reduction of budgeted appropriations in the year that the commitment is made.

Basis of Accounting

The accounts of the General Fund, Capital Projects Fund and Long-Term Debt Account Group Fund are maintained and reported on a modified accrual basis. All other funds included in the financial statements are maintained and reported on the cash basis.

Under the modified accrual basis of accounting, revenues are recorded when received in cash, except in cases where they are both measurable and available, and therefore are resources which may be appropriated. Expenditures, except for interest on general long-term debt which is recorded when it becomes due, are recorded when certain goods or services are received and actual liabilities are incurred.

Births Registered in the Town of Woodstock, N.H. for the Year Ending Dec. 31, 1978
